

Answer in the Key Module 3 Task 4

Exchange 1: procedural level is addressed – the student is asking about procedural information; her prior knowledge and experience at one university is a point of reference here; she needs confirmation that the procedures of the current university are similar.

Procedural level questions:

S: Could you please tell me approximately how many prep questions we have to study prior to the examination?

T: What do you mean by the end of studies exam in the summer 2025?? which subject?? which study programme?

S: So my new questions are,

- 1. Do you do something similar at the end of studies at the Master's level at Opole University?*
- 2. If so, how many "prep questions" will we have to study prior to "The end of studies exam" 100 questions? 150 questions?*

Exchange 2: first, the procedural level is addressed as the student is seeking detailed information on the exam format; second, the professional level, as the student is partially asking for the credibility of the university what gives that language exam.

Procedural level questions:

S: If I already have a CPE C2 Cambridge certificate, may I be excused from taking the C2 examination in February of 2025? Or would I still have to take it?

S: But anyway, I found it strange that I haven't been able to find any information about the format of the test. How many sections? How many questions per section? How many points per section, what percentage must be obtained to pass the test. What the point system is how much time per section? etc.

Professional level question:

S: But the C2 exam through Opole University is through Cambridge as well? Or is it an adapted version?
